****策略：先全写简单句 → 用关系词串起来 → 替换升级词****

原始（全是简单句）：

I like reading. Reading is fun. I learn a lot. I read every day.

加关系词后：

I like reading because it is fun. Moreover, I learn a lot from it.

Therefore, I read every day.

替换升级词：

I like reading because it is fun. Furthermore, I acquire a great deal of knowledge from it. As a result, I read on a daily basis.
